WE WANT TO MAKE FAMILIES HAPPY

Kindsgut is a family-run online concept store from Berlin that offers high quality children's toys and stylish home accessories.

We believe: childhood is the most precious time of life. Every sandcastle is forever, every rainbow is a miracle and the most beautiful times in life are in the here and now. Thus, our motto is: „We want to make families happy!“

In our Berlin office, we have been passionately developing products that appeal to both our small and grown up customers since 2017. Our product range includes high quality products for babies, toddlers and children that stimulate their imagination in a natural way and offer age-appropriate fun.

Furthermore, we make sure that each of our toys also meets the esthetic demands of parents. Thanks to their minimalistic unisex designs, our products fit into every modern interior.

Kindsgut products don't need to be put away after playing with them. Instead, it allows families to concentrate on what is really important: creating unforgettable memories together!

Love,
Your Kindsgut Team

PATRICK LINKS AND CORINNA LINKS
Founders and Managing Directors

OUR VALUES

High quality and tested
safety at fair prices

More colorful children's rooms with
beautiful unisex design

By parents for parents

Educationally valuable play fun
from 0-8 years

Stimulating the imagination

We make families happy

OUR COMMITMENT

We care about the environment and the future of our children. Therefore we support whales.org and trees.org and have even launched our own initiative for a gender-equal childhood on farbensindfueralle.de

But it doesn't stop there - we also put great value on sustainability in our Berlin office every day. Read more about our values and commitment on our website.

WE LOVE WHALES

With our bestselling bathroom products we donate an amount for each sold whale-design product to the internationally renowned organisation whales.org. This way, we contribute to the protection of the world's largest mammals and of our oceans.

TO PROTECT NATURE

Forests are the basis of our existence, as well as our children's. For each wooden toy sold through our webshop, we plant a tree in cooperation with trees.org to support their important reforestation projects.

PERFECT IMPERFECTION

Although we continuously aim for the highest quality - unfortunately we cannot prevent the occasional flaw or deviation from time to time. To preserve resources, we sell these products on special platforms for B-stock and give them a second chance to find a perfect home.

An initiative of Kindsgut -
for a colorful and equal childhood

At Kindsgut we are convinced that colors are for everyone. That's why we focus on a unisex design in all of our products. With our initiative "Farben sind für alle da" we aim to inspire families, the media and other companies to strive for gender equality from the early childhood onwards.

POTTY SAND 37.99 EUR
POTTY DUSTY PINK 37.99 EUR

For each sold potty, toilet seat and diaper bin, we donate to the internationally renowned organisation whales.org. This way, we contribute to the protection of the world's largest mammals and of our oceans.

We are also very proud to announce that our best selling products have been awarded with the German Design Award and the TOP10 Baby & Kind Award as some of the most innovative products for children.

DIAPER BIN WHALE
79.99 EUR

THE KINDSGUT DIAPER BIN

Our diaper bin in cute whale design and with many thoughtful features follows the bestsellers potty and toilet seat and makes our „whale family“ complete.

ODOR-PROOF

Odor trap by double flap and by cutting the closed tubular film from the bottom.

TUBULAR FILM CHANGE

Simple turning mechanism of the head for inserting the tubular film.

FILLING VOLUME

Length of tubular film is adapted to respective filling volume (optimized film consumption).

HYGIENIC

The plastic surface is easy to clean and thus ensures daily hygiene.

KINDSGUT PRINCIPLES

High quality and tested safety.

EASY CUTTING TO SIZE

Tubular film can be ideally divided by integrated cutter.

EASY TO HANDLE

Lid can be opened and closed with one hand opened and closed, so that the child can be held safely with the other hand.

LIGHTWEIGHT BUT STABLE

Thanks to a rubber ring on the bottom of the product, the trash can is stable and non-slip.

EASY ASSEMBLY

Quick assembly with a few simple steps.

NO NEED TO USE TUBULAR FILMS

You can use the biodegradable Kindsgut tubular films OR conventional 35 liter garbage bags can be used.

KINDSGUT X MIDWIFE SISSI RASCHE THE NEW KINDSGUT HOLDING POTTY

PRACTICAL, ENVIRONMENTALLY FRIENDLY & EASIER THAN EXPECTED: ELIMINATION COMMUNICATION

Together with Berlin midwife and mother of four Sissi Rasche, we are proud to present the new Kindsgut holding pot for elimination communication. No longer a niche topic, the advantages for baby and the environment speak for themselves and the integration into everyday life is less complicated than expected. The holding pot is available in two colors.

BABY'S HOLDING POT
22 X 14 X 23 CM; PEE WALL & WIDE BRIM

52 17.99 EUR

WHAT IS ELIMINATION COMMUNICATION?

Holding a baby and practicing elimination communication means holding it without a diaper so that it can comfortably go potty. Stool and urine do not go into the diaper, but into a bowl, the toilet or a specific holding pot. The majority of parents use hold-offs as a supplement to diapers, especially during the day and at home. The best choice is a potty that ergonomically fits the shape of the baby's bottom, is easy for adults to hold and is easy to clean. The Kindsgut potty convinces with its rounded shape, an elevation in the front area (which is especially essential for boys) as well as safe stand and hold.

BENEFITS OF HOLDING OFF:

- The baby does not have to lie in his wet diaper, which stresses the sensitive skin less.
- Fewer diapers are good for the environment as well as for the parents' wallet!
- The upright position with bent legs can support, release pressure in the intestines and thus provides relief from abdominal pain.
- Babies who are used to not always being in wet diapers, usually turn into toddlers who don't want to do that either - and show an early interest in potty training.
- Babies communicate with us parents from birth - even about their excretions. Paying attention to these signals can further strengthen the bond between parent and child.

HOW DOES IT WORK EXACTLY?

Depending on age and size, there are different techniques to hold the child. It is always important that the baby is well supported and the legs are gently bent. Midwife Sissi Rasche therefore recommends holding close to the body!

Carefully pick up baby without diaper.

Lean baby's back against your stomach, reach around and hold under the back of your knees. Have the holding potty ready and hold it under the bottom.

Gently hold baby by the little legs so that they are slightly above the bottom. It can take a little while until "something comes", you should have a little patience!

OUR PRODUCTION SITES

WHERE DO KINDSGUT PRODUCTS COME FROM?

Our products are produced in several countries: for example in Poland, China and Turkey. We know all of our producers personally, and keep a close eye on all manufacturing processes.

Did you know, that a third of the world's cotton cultivation area lies in India? Many of our wonderful fabric products come from there.

For our wooden toys, there is even a special town in China, which is lovingly called the „hometown of wooden toys“. Here, in Yunhe, there are over 700 factories that produce more than 50% of all wooden toys sold worldwide. Many of our toys are produced here as well.

OUR TESTING METHODS & SUSTAINABILITY INITIATIVES

For our little ones we want nothing but the best. All of our Kindsgut products have been thoroughly tested and meet all essential requirements for sale in Europe. We also put great value in using sustainable production processes and eco-friendly materials.

SEALS OF APPROVAL

SUSTAINABILITY INITIATIVES

HOW WE WORK

Family friendly, authentic, environmentally conscious – here at Kindsgut, everyone is free to be and work the way they want. It doesn't matter if they work in our warehouse or in our office, full time, part time or even remote - Kindsgut is a joint success of many creative, strong and entrepreneurial thinking minds. We develop and sell what we love the most. Decisions concerning new products, colors or projects are made by the whole team. And of course, our most critical testers are our own children.

CHILDHOOD, THE

[ˈtʃaɪld,hʊd] noun

Unforgettable stage of life.
Days go by so slowly,
but years way too fast.
And moments become memories.
